CONGO

Team 16 - Project Name

Rohith Ravindranath, Kenny Varghese, Raman Kahlon, Spencer Kline, Ashwin Mahesh

Project Name:

We have decided that our project name will be CONGO. We hope to aim our e-commerce site after the Congo rainforest which encompasses numerous types of habitats. As one of our values is to be customer-oriented, we want to emulate the vast diversity of the Congo on our platform by having distinct and licensed vendors and a variety of different products for our customers to browse.
